Summary of reasons
for classification:

The computer image file *REALLY little girl fucking 03.jpg* is classified as:
Objectionable.

The computer image file promotes and supports the exploitation of children and young persons for sexual purposes. The file contains a colour photographic image that explicitly depicts a man engaged in sexual activity with a young girl. The image encourages and validates adult sexual interest in children and young persons, and strengthens the idea that they may be exploited for adult sexual use and gratification.

The classification of this publication interferes with the freedom of expression as set out in s14 of the New Zealand Bill of Rights Act 1990, but this is an outcome that is consistent with Parliament's intention that publications falling under s3(2) of the Films, Videos, and Publications Classification Act 1993 are deemed to be objectionable. The classification is also a reasonable limitation on the freedom of expression that reflects the concern of a free and democratic society to limit the availability of publications that promote and support the exploitation of children or young persons for sexual purposes.
